🎓 **IB Teacher | University of Helsinki | MSc in Chemistry**

With an MSc in Chemistry from the University of Helsinki, I've spent 6 years tutoring IB, A-Level, and AP Chemistry. I specialize in helping students excel in their exams while deepening their understanding of key chemistry concepts.

Teaches:

IB Chemistry

A-Level Chemistry

IGCSE Chemistry

GCSE Chemistry

AP Chemistry

Curriculum:

IB

A-Level

GCSE

IGCSE

AP

Qualifications

University of Helsinki: MSc in Chemistry (2012-2016)

Aalto University: BSc in Chemical Engineering (2009-2012)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

I have been teaching IB and A-Level Chemistry for the past six years, working with students to help them navigate the complexities of chemistry. My experience ranges from guiding students through challenging IB Chemistry HL topics to assisting A-Level students with organic chemistry and thermodynamics. Many of my students have gone on to pursue chemistry and related fields at top universities.

In addition to IB and A-Level, I have also tutored AP Chemistry, preparing students for their exams by covering essential topics like kinetics, equilibrium, and molecular structure. Through one-on-one tutoring sessions, I ensure that students grasp the subject thoroughly, leading to academic success.

Over the years, I have worked with students from diverse academic backgrounds, tailoring my tutoring to their specific needs. Whether it's IB Chemistry internal assessments or A-Level practical experiments, I provide comprehensive support that equips students with the skills necessary for high achievement in their exams.
