Tutoring Experience

With over 16 years of experience, I have been fortunate to work with students from diverse backgrounds, helping them excel in IB Global Politics and related subjects. My focus has always been on making complex political theories accessible, allowing students to engage critically with global issues. I have successfully supported students in their internal assessments and exam preparation, ensuring they achieve top results.

In addition to IB, I have tutored A-Level and IGCSE Global Politics, giving my students the tools they need to navigate the challenges of these curricula. My ability to explain complex concepts clearly has enabled students to improve their grades and deepen their understanding of political structures and international relations.

Over the years, I've worked with students across the UAE, using both one-on-one and group formats to address their specific needs. Whether it's preparing for exams or writing extended essays, I offer tailored support that helps students build confidence and mastery in the subject.
