🎓 Experienced Tutor | KU Leuven | MSc in Mathematics

With an MSc in Mathematics from KU Leuven and a BSc in Applied Mathematics from Ghent University, I have 14 years of experience teaching IB, A-Level, and IGCSE Maths to students in Europe. My commitment to student success has been a key motivator throughout my career.

Teaches:

IB Maths

A-Level Maths

IGCSE Maths

GCSE Maths

AP Calculus

Curriculum:

IB

A-Level

GCSE

IGCSE

AP

Qualifications

KU Leuven: MSc in Mathematics (2008-2010)

Ghent University: BSc in Applied Mathematics (2004-2008)

Vetted Tutor

Personally Interviewed

Our tutors go through a rigorous selection process, having been interviewed to assess their teaching skills and subject knowledge. **They have extensive tutoring experience with a track record of success**, helping students achieve their academic goals.

Tutoring Experience

For over 14 years, I've had the privilege of working with students from various backgrounds, helping them excel in mathematics. I have taught IB Maths to students preparing for both Standard and Higher Level exams, as well as supporting A-Level and IGCSE students in mastering key mathematical concepts.

In addition to individual tutoring, I have conducted group sessions for students preparing for GCSE and AP exams, with a focus on building problem-solving skills. My extensive experience across different curriculums has allowed me to tailor my lessons to meet the specific needs of each student.

Throughout my career, I've seen students gain confidence and improve their academic performance, with many going on to study at prestigious universities. I am dedicated to helping students reach their full potential in mathematics, ensuring they are well-prepared for any challenge they may face.
